

RAHUL RAJ

Web Developer

Email: youknowrahulraj@gmail.com | LinkedIn: linkedin.com/in/youknowrahulraj

Portfolio: rahulrajcodes.vercel.app | GitHub: github.com/youknowrahulraj

Professional Summary

Web Developer and B.Tech Computer Science student who creates modern, responsive, and interactive web experiences. Hands-on experience building web projects using HTML, CSS, JavaScript, React, and Bootstrap. Interested in full-stack development, API integration, AI-powered applications, and problem-solving through Data Structures and Algorithms.

Technical Skills

Languages: C, C++, Java, Python, JavaScript

Web Technologies: HTML5, CSS3, Responsive Web Design

Frameworks / Libraries: Bootstrap, React

Tools: Git, GitHub, VS Code, Canva

Other: REST APIs, AI API Integration, Data Structures and Algorithms

Projects

SafarAI – AI Travel Planning Platform

[Live Demo](#) | [GitHub](#)

- Developed a responsive travel platform focused on destination discovery and personalized trip planning.
- Designed interactive sections for destinations, travel experiences, travel stories, and trip planning.
- Implemented a travel-focused AI chat interface for travel-related information and recommendations.
- Deployed the project using Vercel.

Technologies: HTML5, CSS3, JavaScript, Bootstrap, APIs

RoomResolve – Room Issue Resolution System

[Live Demo](#) | [GitHub](#)

- Developed a web-based system for reporting and managing room-related issues.
- Implemented structured issue submission and resolution workflows.
- Designed a user-friendly interface for tracking reported problems and their status.

Technologies: HTML5, CSS3, JavaScript, Bootstrap, Python

College Website

[Live Demo](#) | [GitHub](#)

- Developed a responsive college website with structured navigation and content sections.
- Created reusable UI sections and interactive elements using HTML, CSS, JavaScript, and Bootstrap.
- Focused on responsive design and user experience.

Technologies: HTML5, CSS3, JavaScript, Bootstrap

Frontend Playground

[Live Demo](#) | [GitHub](#)

- Developed a collection of frontend mini-projects and UI experiments.
- Built projects including Calculator, Tic Tac Toe, forms, animations, and interactive UI components.
- Practiced responsive design, CSS animations, and JavaScript-based interactions.

Technologies: HTML5, CSS3, JavaScript

Certifications

• IBM – Web Development Fundamentals	2026
• HP LIFE – AI for Beginners	2026
• HP LIFE – Effective Leadership	2026
• Nestlé – Resilience Certificate	2026
• VibeCoding – Hackathon Certificate	2026

Education

Gaya College of Engineering, Gaya

2025 – 2029

Bachelor of Technology (B.Tech) – Computer Science and Engineering

Aryan School of Science

2025

Class XII – CBSE

Achievements and Activities

- Built and deployed multiple web development projects.
- Participated in hackathon and innovation-focused projects.
- Actively practicing Data Structures and Algorithms using C++.
- Maintained and showcased development projects through GitHub.
